DISPOSAL PLANT TO BE OUTLINED

SEWERAGE PROBLEM IN CITY BUSINESS SECTION TOPIC FOR PUBLIC MEETING

CONSIDER WELFARE

PLANS FOR PROCEDURE TO BE PRESENTED AND ACTION BY PROPERTY OWNERS ASKED

Bringing together business men and property owners of that part of the Brand boulevard commercial district lying between Colorado boulevard and Wilson avenue, Monday night at the Chamber of Commerce rooms on West Broadway for the purpose of considering plans for a sewage disposal system, City Manager T. W. Watson announces the first concerted move toward the solution of one of Glendale's most pressing problems.

Of vital interest to those who own the land and operate the stores and offices in this now well built up center, it is expected that a record attendance of all who are interested in the civic welfare of the city will result.

According to Mr. Watson, who has sent out notices inviting the presence of all concerned, there are two big questions to be determined before a decision on the best plans for procedure can be made. These are, briefly:

1. Whether the sewers shall be laid deep enough to admit of sewerage being drained from basements or whether the wasteways will be that close to the surface as to only care for connections on the ground floor or above.

2. A report and discussion on the plans for sewage disposal to date.

On the latter question Frank H. Olmsted of the engineering firm of Olmsted & Gillilen will be present to outline present projects. He will also advise on the matter of depth for mains.

Due to the fact that there are practically no basements now used, there is little question as to what proposition of surface sewers means now, but looking into the future of the city it may be apparent that such would be inadvisable, as it might impede the growth of the city and cause trouble at some later date when excavations for basements are made.

However, the problem rests with those concerned, is the view of Mr. Watson, and he solicits their advice and co-operation with the engineers who have been retained by the city trustees to make a comprehensive survey of the local sewerage system needs.

It is obvious that if present buildings are to be maintained in a sanitary manner, the cesspools in great number must be eliminated, as encroachments are now made on alleyways to provide space for new sumps. Then, too, office buildings and hotels will require greater facilities for handling the run-off than cesspools can accommodate.

It is said that the lack of sewage disposal has kept hotel projects here from going ahead, due to the expense entailed in the installation of a privately owned septic tank equipment.

C. E. President Is a Visitor in Glendale

B. Irvin Valentine, formerly of San Bernardino, but now located in Los Angeles, president of the California Christian Endeavor Union, was in Glendale yesterday on business connected with the next state convention of the union. It is to be held in this city June 25 to 29 and elaborate plans are being made by the various committees for the big event, when thousands of visitors from all sections of the state will be in Glendale.

President Valentine left last night for San Francisco to attend an executive committee meeting and he was accompanied by Howard Brown of Glendale, one of the officials of the southern section.

Elder Martin Attends Loma Linda Meeting

Elder W. F. Martin of the Pacific Union Conference left yesterday for Loma Linda for the week-end. He spoke there today before the Adventists.

Secretary B. M. Emerson and Elder J. W. Christian were in San Diego this week attending a meeting of the National City Sanitarium board of trustees.

Elder J. A. Stevens has returned from a series of conferences in Fresno, Mountain View, Oakland, San Francisco and other centers of the Adventist church.

Haze on Hills Not Caused by Heat But by Grains of Sand!

Why is the haze?

You saw it spreading over the mountains yesterday afternoon and wondered. And then you wondered some more. Was it the heat, or smoke, or fog?

It was not, according to F. W. McIntyre, who has long been in the real estate business in Glendale and knows quite a bit about local conditions.

"That haze," he said, "is the dust that the wind drives through the open valleys and carries over the mountain tops to the desert."

Then there was more wonderment, for the day was almost still except for an occasional breeze which wafted in from the sea and drove the summer blues away, for it was surely warm.

"You see," continued Mr. McIntyre, "Glendale is in a valley protected from storms by the surrounding hills and peaks. I'll venture to say that there's a 'Santanny' blowing over at Van Nuys and Owensmouth and out in the San Dimas valley.

"Then when this blow is over, watch for the beautiful colors in the haze as the dust settles. That's what the artists rave about—the diffused colorings in our sunrises and sunsets — all caused by little dots of dust and smaller grains of sand as they settle earthward."

Break Record, Not China

"It's your move," said the firemen as they arrived at the Guy Pearson residence, 807 South Maryland street, yesterday to extinguish the blaze which was attacking the rear of the home.

Mrs. Pearson, who never had a similar experience, feared for the household effects, but neighbors and firemen removed most every article from the house and not a piece of china or furniture was broken. All in fifteen minutes or less while water was pouring over the roof and into the second floor.

True, there was a rug or two ruined by the water and the kitchen equipment was burned, but the Pearsons' loss was nominal. It is estimated that it will cost $2000 to repair the house.

Mrs. Pearson is high in her praise for the fire department and the many kind friends who aided the family in saving the property.

May It Please Th' Court!

"Y'r honor, I move that all this evidence be struck out, I meant to say stricken from records, as it's irreverent in material and beyond a doubt."

All of which would be a fitting closing for the mock trial which was held at the Glendale Union High School auditorium yesterday afternoon by Miss Iva F. Hunter's classes in civics.

Instead of adjourning to a court in the city to learn the procedure, the students prepared the mock event with a great deal of care and the hundred or more present got a great deal of enjoyment out of the legal clashes during the hearing of the case.

The jury disagreed and so the defendant, Sidney Williams, will have a new trial. Douglas Forsythe acted as district attorney, Clifton Clouse was judge and witnesses included Helen Sherwood, Edith Busch, Allan Pollock, Gertrude Peterson, Marian Grey, Bryant Small, Viola Andrews, Earl Boehm, Billy Justema, Jack Clark, Raymond Goodman, Edward Stockbridge and Mary Simpson.

Miss Goldthwaite's class in shorthand acted as court reporters.

Postponed-In Some Heat

"Party postponed account of heat. Ha! Ha! Some surprise!"

That was the greeting to a score or more of young people who gathered opposite a prominent clubwoman's home in Glendale last night. It was their intention to surprise her son.

But nobody knew about it—except the instigators. And one of them is a budding politician who caused one perfectly nice girl to forego attending a Los Angeles theatre to be present at the party, which wasn't.

TO DISCUSS CANYON ROAD

The Glendale Welfare association, the east side improvement society, will hold its regular monthly meeting at the Broadway school building Monday night. Discussion of the proposed city charter and of the Sycamore Canyon Road improvement will be the chief features of the meeting and a full attendance of citizens interested in these and other matters of public interest is desired.

PLAN BONDS FOR WATER SERVICE

GRAND VIEW RESIDENTS WILL MEET TUESDAY NIGHT TO CONSIDER PROJECT

VOTE IS PROPOSED

DISTRIBUTING SYSTEM IS ONE OF IMMEDIATE NEEDS, IS BELIEF EXPRESSED

Residents of Grand View section will meet Tuesday night at the home of L. H. Applegate, corner of Winchester and Sixth streets, to consider plans for the formation of a municipal improvement district.

It is proposed to vote bonds for $30,000 to provide for the cost of a water distributing system, which will comprise mostly in the installation of 8-inch mains running east and west of Grand View avenue, according to City Manager T. W. Watson, who will be present to explain the necessity for the improvements.

Manager Watson reports that the development work in this recently-annexed district is soon to be completed by the public service department and this meeting is a move on the part of the residents to make water service available to all of the homes in the section.

Spanish Type Home Recently Completed

Among the many new residences which have been erected recently in the eastern part of Glendale, is the home which has recently been completed for Mr. and Mrs. J. Kliebert and their son, Robert, at the southwest corner of Lomita and Glendale avenues.

It is a one-story, 7-room, Spanish type building with a red tile roof and blue-bordered French windows setting off the white stucco exterior. Hardwood floors, an ornamental gas mantle, electric wall fixtures, tile bath and showers and a tile sink are among the many features of the interior which please Mrs. Kliebert very greatly.

The view is most sightly, the living room fronting Mt. Wilson and Lowe and the broad expanse of the Verdugo foothills.

Grand View Plans Tree Planting Day

A committee on trees and streets in the Grand View district met yesterday afternoon at the corner of Sixth street and Grand View avenue with City Forester Frank Marek and made plans for a tree-planting day

The city of Glendale has a large number of saplings in the municipal nurseries and will furnish the trees free of cost to those who will care for them. This applies to other residents as well as those in the newly-developed or annexed sections.

Mr. Marek will gladly co-operate in tree-planting day plans for any part of the community if the property owners will make known their wants.

C. E. Meeting Held at Robinson Home

Mr. and Mrs. Spencer Robinson threw open their hospitable doors on Windsor Road for the regular business meeting and social of the Young People's Society of Christian Endeavor, Section A, of the Glendale Presbyterian church. Miss Ruth Robinson, Mr. Robinson's sister, was the hostess for the evening. After the routine of business, a delightful evening was spent in games and music, and delicious and dainty refreshments were served by the hostess.

A large number were present and all voiced it "the best time ever" on their departure.

Team Is Selected for School Debate

Kathleen Campbell, Dale Wood, Ray Williams and George Jordan will compete Monday afternoon at the Glendale Union High school for places on the debating team which meets U. S. C. High school March 17.

Le Cercle Francais held a meeting yesterday afternoon at the high school for the adoption of a constitution.

Jinks Day plans are made for April 8.

Maybe it will arrive before. The high school girls are to play a basketball game with Anaheim Tuesday. Harmina Stadt is captain of the G. U. H. S. quintet, of which Miss Knight is coach.

Glendale Elks' Ball Team Gets Grounds; to Battle Soldiers

After careful consideration of location and desirability, the Glendale Elks' club is constructing a first class baseball diamond on Glendale avenue near Cerritos street. This will be the means, says the team management, of furnishing a great deal of pleasure to the people of Glendale who enjoy a good, clean game of the nation's greatest of all sports.

The opening game will be Sunday, February 27, at 2:30, with the Glendale American Legion. Bill Farner, manager of the dough boys, claims they are going to chase the Elks' herd around the diamond tomorrow faster than they did the Germans over there. But, the members of the deer family are not only noted for their ability to run after home runs, but also for their fleetness in running around the bases.

The antlered herd team is composed of young men of Glendale and Burbank, members of the local lodge, and is under the management of Vincent Salmacia. The team is in the Managers' Baseball association, and each Sunday they will be booked to play various fast semi-professional teams of Southern California. So, a real exhibition of baseball will be furnished each game by the local nine. The local nine have a great deal of confidence in the splendid pitching ability of N. Bolin and Lehman Crandall, both of Glendale.

Music Section of Club Has Session

The music section of the Tuesday Afternoon club, of which Mrs. Charles Lee Marlenee is curator, was entertained yesterday afternoon at the home of Mrs. Leroy W. Bosserman, 814 South Central avenue. The meeting was opened by Mrs. Marlenee giving a talk on French music and the influence of DeBussy on modern compositions. The hymn of the Marseillaise was then sung.

The entire program was of French music and songs. Mrs. Stith of Los Angeles gave a group of songs. Mrs. Bosserman played a piano solo by Thome. Mrs. Spencer sang two French songs. Mrs. L. N. Hagood played the "Flatterer," by Chaminade. At the conclusion of the program Mrs. C. A. Parker sang two songs.

Mrs. Colin Cable assisted Mrs. Bosserman in serving reresh hments. The meeting was well attended.

Moves Recorded in City Departments

Among the moves recorded by the public service department at the city hall are the following:

E. C. Tripp, 139 South Pacific to 204 South Orange and Mrs. Shaw, 826 East Green street to 1032 South Boynton.

Meter installations and orders for service yesterday follow:

O. Spencer, 433 West Broadway; Edwards, Wildey & Dixon, 609 and 606 West Salem; W. A. Evans, 1530 South San Fernando Road; W. R. Veith, 711 North Isabel; Mrs. G. Weyer, 1124 East Chestnut; Charles Everson, 1527 East Maple; William Heal, 440 West Dryden; H. R. Cunningham, 336 East Dryden; C. Dolan, 322 West Harvard; Mrs. D. E. Knight, 826 East Green; A. S. Funk, 412 East Harvard; Lina C. Robinson, 119 South Central.

Fifty-first Wedding Day Is Celebrated

Mr. and Mrs. F. W. Meckfessel of 417 North Kenwood street celebrated yesterday afternoon in observance of their fifty-first wedding anniversary. Those present were Mrs. Bateman and daughter, Mr. and Mrs. H. S. Burn and Mr. and Mrs. E. Enfield. Mrs. Bateman, Mrs. Burn and Mrs. Enfield are all daughters of Mr. and Mrs. Meckfessel. Many lovely gifts and flowers were received.

Many friends extended congratulations to Mr. and Mrs. Meckfessel upon their fifty-first anniversary and wished them a continuation of their happy married life.

JAPANESE DENIED CITIZENSHIP

SACRAMENTO, Feb. 26.—The appeal of Ichizo Sato, Fresno county Japanese, for American citizenship was refused by the third district court of appeals in a decision handed down today. The court sustained the judgment of Judge Charles O. Busick of Sacramento, who refused Sato citizenship when the Japanese demanded that he was entitled to citizenship by reason of his service in the United States army during the world war.

PRESIDENT-ELECT HARDING AND HIS SECRETARY OF NAVY DISCUSS ELABORATE SHIPBUILDING PLANS

Naval Organization to Lead World, Is Program as Outlined at Conference; No Slackening Until Partial Disarmament Agreed by Powers

ST. AUGUSTINE, Fla., Feb. 26.—President-elect Harding today announced the appointment of Edwin Denby, Michigan, as secretary of the navy and Colonel Theodore Roosevelt of New York as assistant secretary.

ST. AUGUSTINE, Fla., Feb. 26.—Plans for making the United States navy second to none were discussed today by President-elect Harding and Edwin Denby of Detroit, who will be secretary of the navy after March 4.

Both Harding and Denby, it was understood, oppose any slackening of warship building until after a partial disarmament agreement is reached by the powers.

Denby and Harding discussed types of battle craft to be constructed during the next four years and reorganization of the navy department.

WASHINGTON, Feb. 26—Casting aside international problems, the Harding administration immediately after March 4 will center its attention on purely domestic matters, it can be stated authoritatively today.

This word was brought here from St. Augustine by Charles E. Hughes, John W. Weeks, Harry Daugherty, Will Hays and Albert B. Fall, all members of the new cabinet. They communicated this message from the president-elect to republican congressional leaders. There will, of course, be a few exceptions to the general plan of concentrating on internal affairs. For instance, peace with Germany will be declared to clear the way for domestic matters.

Today's World News in Brief

(Special Service to Glendale Evening News)

STOCK MARKET SHOWS STEADY TONE

NEW YORK, Feb. 26.—The New York stock market showed a steady tone today. The steel market was slightly higher. Motor shares showed strength. The railroads were rather irregular, while oils were firm. International Paper featured the trading, running up to 55½, up 2. The meeting of the steel institute yesterday apparently failed to have any effect on today's stock exchange activities.

EXPECT ACTION ON TAX BILL TONIGHT

SACRAMENTO, Feb. 26.—With the closing arguments of insurance men and bankers and the rebuttal by Clyde L. Seavey, member of the state board of control, the hearings on the King revenue and taxation measure are expected to end today. The bill will probably be reported out of committee before evening.

IRISH PLAN TO CARRY WAR TO ENGLAND

LONDON, Feb. 26.—The Irish plan to carry their war for independence into England, it was revealed here today. Official documents captured in a recent raid on Irish republican army headquarters in Dublin were made public by the Irish office, showing the widespread preparations for "operations abroad."

LARGEST AIRDOME AND BALLOON BURN

CHICAGO, Feb. 26.—The world's largest private airdrome and the balloon "The Chicago," were burned here today. They were owned by C. A. Coey, who made many flights. The loss was estimated at $100,000. Coey and his wife spent their honeymoon in the balloon in 1909.

U. S. SHIPPING BOARD STEAMER ASHORE

NEW YORK, Feb. 26.—The United States shipping board steamer Texarkana went ashore between Fire Island and Long Beach early today. A coast guard cutter went to her assistance. Naval officials believed she was in no immediate danger of breaking up. Her tonnage is 3710.

GERMANY DRAWS COUNTER PROPOSALS

BERLIN, Feb. 26.—Germany's counter proposals to the allied reparation demands, tentatively compiled by a group representing the country's financial and industrial interests, were submitted to government leaders and the Reichstag today for final approvement.

HOOVER TO LEARN DETAILS OF OFFICE

WASHINGTON, Feb. 26.—Herbert Hoover today went into conference with Secretary of Commerce Alexander to find out just what he will have to do to make effective his program of reorganization of the department when he takes it over.

JAP EXCLUSION LEAGUE FAVORS PLAN

SACRAMENTO, Feb. 26.—The Japanese exclusion league has endorsed the demand of Secretary of State Colby for the internationalization of the Island of Yap, Senator J. M. Inman, president of the league, announced today.

REINFORCEMENTS HURRIED TO HILLS

CORK, Feb. 26.—Heavy reinforcements of troops and auxiliaries were being rushed into the hill country near Macroom today, where Sinn Feiners defeated government forces yesterday in an all day battle.

SOLDIERS' BONUS BILL REPORTED OUT

WASHINGTON, Feb. 26.—The soldiers' bonus bill was reported out of the senate today by the senate finance committee, with the bonus provisions to become effective on January 1, 1923.

MAN SHOT AND KILLED BY CAFE BANDITS

SACRAMENTO, Feb. 26.—William Johnson of Clarksburg, was instantly killed early today when one of six bandits holding up the Bungalow Cafe shot him.

C. OF C. ELECTS NEW DIRECTORS

TWELVE CHOSEN BY MEMBERS AT ELECTION OUT OF LIST OF 24 NAMES

MEET ON MONDAY

BOARD TO ORGANIZE, NAME PRESIDENT AND MAY DECIDE ON SECRETARY

Twelve directors for the new Glendale Chamber of Commerce were elected, out of twenty-four candidates, at the election which closed at 7:30 o'clock last night.

Two hundred and seventy-one ballots were cast and some of these were thrown out because more than twelve candidates were voted or, or the voter had failed to pay a portion of his membership dues as provided by the by-laws.

The twelve directors are C. C. Cooper, George H. Bentley, Jesse E. Smith, V. M. Hollister, R. D. White, J. G. Huntley, C. D. Lusby, Dan Campbell, Roy L. Kent, David L. Gregg, R. F. Kitterman and Peter L. Ferry.

Steve Packer and Mr. Ferry tied for twelfth place and Mrs. E. W. W. Hayward, one of the election board, drew the latter's name from a hat and he was declared a director.

Two More To Be Named

As provided for by the by-laws, two directors-at-large are to be chosen by the board.

The directors will hold a meeting on Monday, it is announced, organize, elect a president, vice-president and treasurer and, perhaps, vote to select a paid secretary. Six or more applications for the position of secretary have been filed.

The vote cast at the election follows:

C. C. Cooper	229
Geo. H. Bentley	220
Jesse E. Smith	212
V. M. Hollister	200
R. D. White	179
J. G. Huntley	157
C. D. Lusby	157
Dan Campbell	155
Roy L. Kent	144
David L. Gregg	143
R. F. Kitterman	125
Peter L. Ferry	124
Steve Packer	124
John W. Usilton	119
H. P. Coker	108
H. M. Butts	104
C. H. Toll	101
W. E. Edmonds	97
A. R. Eastman	95
Dr. Henry Harrower	93
A. W. Beach	88
A. T. Cowan	86
L. T. Rowley	76
C. E. Neale	65

The following committee was in charge of the canvass of the returns: E. P. Hayward, chairman; W. E. Evans, J. A. Newton, Mrs. Mabel L. Tight, Roy D. King, Mrs. E. W. W. Hayward, Mrs. E. D. Yard, Mrs. J. R. White, W. B. Kirk, Owen Emery, J. F. McBryde, W. E. Anderson.

Mrs. F. G. Hall Is Luncheon Hostess

Mrs. F. G. Hall of 1201 Viola street, assisted by her daughter, Elizabeth Hall, entertained a group of young ladies and young matrons at luncheon today in honor of her two daughters. Helen and Louise, who are here for the week-end from Ventura. Spring blossoms were used for table decorations.

Those who enjoyed the hospitality of the occasion were Miss Maude Chrisman, Mrs. J. L. Wiles, Mrs. Inar Lind and Mrs. James Crowell, all of Los Angeles, Miss Hazel Hund of Huntington Park, Mrs. Charles Richardson of San Pedro, Mrs. E. Hampton of Seal Beach, Mrs. Edward Selby of Riviera, the Misses Helen, Louise and Elizabeth Hall and the hostess, Mrs. F. G. Hall.

Informal Afternoon in Visitor's Honor

Mrs. J. A. Legge of 951 North Louise street is entertaining with an informal afternoon at cards today in honor of Mrs. Planthaver of Morrison, Illinois.

The invited guests were Mrs. Planthaver, Mrs. Seymour Smith, Miss Myrtle Pulliam, Mrs. Dwight Stephenson, Miss Elizabeth Smith, Mrs. Sidney Simon, Miss Alice Grey Beach, Miss Barbara Mitchell, Miss Lorraine Mitchell, Miss Anna Woodberry, Mrs. Fred Deal and Mrs. Gus Pulliam.

Thursday night Mr. and Mrs. Legge entertained Mr. and Mrs. Planthaver at dinner.

Lusby & Campbell
Glendale 274 110 E. Broadway

"SHE SAID! I'VE GOT TO GET AWAY—PUT THIS PLACE DOWN TO $4200"

Talk about an "attractive" or "sacrifice price"—that's our 5 room home, on the "Cottage Bungalow" type—just one of these delightfully comfy-homey homes. Been done over inside and out from roof to basement—but NOT dolled up junk. It has the "darlingest little kitchen" (a woman said that) and all rooms nicely arranged, sunny and bright. Garage, trees, fruit, lot 50x125 on West Colorado—$2250 cash handles.

See Von Oven
With Charles B. Guthrie, Los Feliz and Brand.

Miss Margaret Burchfield of 642 North Kenwood street is in San Bernardino for a few days. While there she will visit the Orange Show.

W. B. Kirk of 504 East Broadway, and his Sunday school class of boys from the Central Christian church went on a hiking trip to the Verdugo hills this morning.

Mr. and Mrs. Warren Roberts and Mr. and Mrs. Merrill Russell were the dinner guests of Mr. and Mrs. W. N. Stamps of 436 West Colorado street last evening.

Fred L. Thompson, formerly of Glendale but now of Los Angeles, was a visitor in Glendale yesterday. He has just recently returned from a business trip to Chicago.

Mr. and Mrs. A. R. Hildreth of 217 Milford street will have as their Sunday dinner guests Mr. and Mrs. G. B. Burbach and Miss Marion Burbach of Los Angeles.

Dr. Crosby, a prominent physician and surgeon of Stuart, Iowa, who has been spending the past week or so with many friends and relatives in this locality and Pasadena, started on his homeward journey last night.

Locals And Personals

Miss Edna Farington of 305 East Garfield avenue is spending the week-end with her friend, Miss Fuller, at Covina.

Mr. and Mrs. Jack Hale of Grand View avenue entertained Thursday night at a delightful duck supper for Mr. and Mrs. Leonard Davis and son, Leonard, and Mrs. Agnes Heger.

Mrs. Adeline Harter, who is spending the winter here with her sister, Mrs. C. M. Sparr, 234 South Jackson street, is recovering from a severe attack of lumbago at Mrs. Tarling's private sanitarium.

William Pulver, a retired business man from Penn Yan, N. Y., who has been wintering in southern California four years now, is now a resident of this city, having taken quarters at 306 North Jackson street.

Mrs. J. W. Hyatt and daughter, Miss Nora, are visiting Mrs. A. L. Neff, who is staying at the Glendale Sanitarium. Mrs. Hyatt, who is the mother of Mrs. Neff, just arrived from Winfield, Kansas.

Mrs. Pat Dillon of 442 West Patterson avenue, who has been staying at the home of her sister in Los Angeles for the past two weeks on account of ill-health, has now returned to her home in Glendale.

Dr. and Mrs. H. C. Smith of 921 East Wilson avenue have as their guests Mrs. Smith's uncle and cousin, B. H. Reams and Miss Beulah Reams of Franklin, Nebraska, who will be here and in San Diego for the winter.

Mrs. S. B. Morse, 145 South Everett street, entertained at a delicious four-course luncheon Thursday for the following: Mrs. C. M. Sparr, Mrs. I. N. East, Mrs. Barbara J. East and Mrs. Vina Greenwell. The table was decorated with California poppies.

Mrs. Henry Johnston of 111 North Everett street entertained at dinner Thursday Mr. and Mrs. Will King of Cedar Rapids, Iowa, and Mrs. Anna Bisson of Minneapolis, Minnesota, who are spending the winter in Los Angeles, and Mrs. Reynolds of Los Angeles.

Mr. and Mrs. F. H. Mellus of 355 West Lexington drive are entertaining at an open-air barbecue tomorrow in honor of Mr. and Mrs. Frank M. Newbert of Sacramento, who are their house guests. The invited guests are Mr. and Mrs. Newbert, Mr. and Mrs. Eddie Garratt of Alameda, Mr. and Mrs. George Anderson of San Jose, Mr. and Mrs. George M. Lewis of Salt Lake City, H. E. Everding of Portland, Oregon, Miss Lillian Arnold of Honolulu and Mr. and Mrs. L. R. Mellus of Los Angeles.

Mrs. Louise Purnell of 353 Ivy street was delightfully surprised last night by her neighbors and friends in honor of her birthday anniversary. The evening was spent in solos, cards and dancing. Lovely refreshments were served during the evening. The birthday cake was decorated with sixteen candles, but Mrs. Purnell refuses to say if the candles represented her age. Those present spent a most enjoyable evening, and certainly succeeded in giving Mrs. Purnell a complete surprise.

The Fortnightly Bridge club held its regular meeting last night at the home of Mr. and Mrs. F. C. Ayars of 315 North Orange street. Those present were Mr. and Mrs. J. I. Wernette, Mr. and Mrs. R. A. Puffer, Mr. and Mrs. A. A. Barton, Mr. and Mrs. W. E. Sawyer, Mr. and Mrs. H. B. Howeth and Mr. and Mrs. F. C. Ayars. After cards, refreshments were served in the dining room. This being Mr. and Mrs. Puffer's 20th wedding anniversary, the centerpiece and place cards were carried out suggestive of this occasion.

RIGHT AT HOME

In the building in which our office is located in Los Angeles, there is a janitress whose husband was such a good provider that she knew little or nothing about work, and when he died a few years ago he left her several thousand dollars.

If he had left her "Life Income" policy which she could not dissipate or lose, how different would be her situation today!

When a man dies and dumps his accumulations into the lap of his helpless wife who has had no investment experience, he is absolutely deserting her at the saddest and most critical moment of her life. What she needs is a steady income. Provide this, even in a moderate amount, and you have done more for her happiness, probably, than if you had left her many thousands of dollars.

Elder A. L. Neff Locates in Glendale

A. L. Neff, formerly pastor of the Seventh-day Adventist church in Fresno, is now located in Glendale as the pastor of the Glendale church. On account of the good climatic advantages, he was advised to bring his wife here for health reasons. Elder Neff is a man of sterling worth and ability and his coming is much appreciated by the church.

PUTS LIMIT ON IMMIGRATION

WASHINGTON, Feb. 26—The bill limiting immigration to three per cent of the aliens already resident here was finally passed by congress today and now goes to the president.

Final action was taken in the house, which agreed to the senate bill restricting immigration on a percentage basis as a substitute for the house bill which would have banned all aliens or the period of a year.

'Slain' Hero Is Back To Face Tribulation

LAFAYETTE, Ga.—Fred Williams, who went to war in 1917, will return home in a few days to find his "body" buried here, his war insurance policy paid and his bride the wife of another.

This was the situation disclosed when Mrs. Grace Robertson received a telegram from New York, signed by her first husband, saying he had landed and was coming home. There was no explanation of his long silence.

The war department reported Williams killed in action soon after he went to France, paid his insurance and then sent a soldier's body here as his. Williams' wife, whom he married but a few months before he left, mourned his death for awhile and then married a former sweetheart, Joseph Robertson.

In Connecticut the use of badly worn or partially destroyed tires on the highways is strictly forbidden.

FOR BRIDE-TO-BE

MISS MARGARET LUSBY HONOR GUEST AT SOCIAL AFFAIR GIVEN BY MISS EMERY

Miss Waunita Emery of 329 North Kenwood street entertained at her home Thursday night in honor of Miss Margaret Lusby, who is soon to be married to Harold Latter.

The color scheme of pink and white was carried out, floral decorations of pink sweet peas and ferns were used. First prize at progressive bunko, with which the guests amused themselves during the evening, was won by Miss Margaret Lusby, and consisted of a hand-painted pickle dish.

A two-course luncheon was served at small tables. Place cards were in the form of a diamond ring, in the center of which was a tiny cupid holding a golden envelope which contained the date of the approaching wedding. Little pink bon bon baskets disguised as roses and filled with candies were at each place as favors. Mrs. E. U. Emery, mother of the hostess, and Miss Olive Bell Emery assisted in serving.

Miss Margaret Lusby was escorted into the reception room after the luncheon and seated on a platform. Miss Josephine Emery, dressed in Colonial costume, wheeled in a tea table on which was green paper, representing grass, and a blossoming cherry tree.

Given Clever Verse

With the accompanying verse, a hatchet was handed to Miss Lusby:

"Each year we meet to celebrate
The birth of a man both good and great,
George Washington, when a boy,
Was given a hatchet as a toy.
Though good and great, his curiosity
Led him to cut down a cherry tree.
You were born in the same month of the year,
And of curiosity you have your share.
The tree now before you stands.
The hatchet you have in your hand.
We bid you strike the fatal blow
To satisfy your curiosity of what is below.

Upon cutting down the cherry tree and removing the grass, Miss Lusby found the three shelves of the tea table filled with beautiful china pieces. She was very much surprised and pleased with the way in which the gifts were presented, and took great pleasure in unwrapping them one by one.

List of Invited Guests

The invited guests were: Miss Margaret Lusby, guest of honor; Mrs. C. D. Lusby, Mrs. A. L. Bryant, Mrs. R. Salisbury, Miss Maude Salisbury, Mrs. Maude Parsons, Mrs. Helen Salisbury, Mrs. C. R. Lusby, Mrs. Florence Lusby, Miss Dorothy Hamilton, Mrs. Dorothy Weller, Mrs. Katherine Lee, Miss Lavera Kitterman, Miss Beatrice Lanning, Miss Muriel Turner, Miss Doris Ingledue, Miss Leone Shattuck, Miss Martha Ray, Mrs. Evangeline Smith, Miss Eunice Peart, Mrs. Lena Mae Christy, Mrs. Leone Jillson, Miss Helen Reynolds, Mrs. Miebergen, Miss Marion Addison, Miss Doris Latter and Mrs. Latter of Oakland.

HARDING'S PLANS

NATIONAL MATTERS WILL BE LARGELY CONSIDERED BY NEW ADMINISTRATION

(Continued from Page One)

Among internal problems scheduled for early attention are:

1—A system of reclamation of arid, swamp and cut-over lands which will provide vastly-increased areas for agricultural and industrial purposes.

2 Opening up of sources of power, particularly water power or hydro-electric power as an aid to industrial expansion and increased employment.

Senators McNary, Oregon, and Borah, Idaho, have presented to Harding a reclamation plan embracing the entire country. He has approved the general idea, and Senator Fall, who, as secretary of the interior, will have charge of such matters, is in sympathy with it.

The essentials of the plan are to reclaim the arid lands in the west by irrigation, swamp lands of the south by drainage and cut-over lands of the east by removal of stumps. It contemplates government loans to aid in the work.

As to power development, the plan is to make use to the fullest possible extent of both navigable and non-navigable streams. On the navigable streams this is to be done through the water power act passed by the present republican congress but not yet actively in operation. Weeks, as secretary of war, and Fall, as secretary of the interior, will be members of the commission to administer this law and Weeks estimates there are applications for power sites calling for a capital outlay of $2,000,000,000.

As to non-navigable waters over which the government has no direct control, power development is to be encouraged in conjunction with the reclamation work.

WARNING GIVEN PUBLIC

The geological survey has discovered that unscrupulous promoters of fraudulent mining schemes frequently claim connection with the government service. It warns the public against fake stock promoters who are using this subterfuge.

Spring Fever Days

They are here or soon will be. Days when it seems impossible to do the daily tasks, especially the family washing which requires so much energy and strength.

Succumb to that lazy feeling just once and phone for one of our drivers to call for your bundle. You will be glad that you learned how to relieve yourself of wash-day troubles, and you will adopt our way—the modern way—on washday thereafter.

Our methods conserve as well as cleanse the clothes.

Southern California

Open Beach Home

Mr. and Mrs. V. M. Tresslar and son, Charles William, 320 West Lexington Drive, are among the first to open their beach home at Balboa. They are spending their present week-end there. Many others plan to motor to the beach Sunday and enjoy a swim in the briny.

Named as Secretary

Miss Ethel D. Barker of Pomona has been named secretary by Congressman-elect Walter F. Lineberger. She is the niece of Cadet Taylor, chairman of the Republican Congressional Committee of the Ninth district.

At State Picnic

Most of Glendale's Colorado residents were away from home today attending their state picnic at Sycamore grove. Rev. Hardy G. Koen was the principal speaker. Kentuckians are meeting tonight at Bartel hall in Los Angeles.

Hot Orange Show

Somebody said it was 93 degrees warm in San Bernardino yesterday. A Glendale visitor at the Orange Show declared they ought to hold it in an ice palace instead of a tent. But it was hot wherever one went, the southern California weather reports indicate.

For Uniform Dress

Stylish Pasadena High school girls are to wear the "middie" uniform dress. They agreed to do so by an almost unanimous vote, only 60 in the large school voting for the modish attire.

Gobs Are Coming

The gobs are homeward bound. Yes, girls, the Pacific fleet will soon steam into Los Angeles harbor and then—well, wait till then, girls, for the good times you have with the sailor boys who will have a host of new experiences to tell about and dance about and write about. For isn't it a fact that in every port a sailor has a sweetheart?

Welsh Peer's Title Is Unpronouncable

LONDON—Vaughan Davies, member of Parliament for Cardiganshire, one of the five recently created peers, has discovered that a mere baron cannot select any title he may like. He wanted to call himself Baron of Cardiganshire which he has represented in Parliament for many years, and so notified the authorities that have charge of such matters.

He was told that he couldn't have it. Nobody under the rank of Earl could choose the name of a county or a county town for his title. So he has elected to be known as Baron Ystwyth of Tan-y-Bwlch, which nobody but a Welshman knows how to pronounce.

E. A. King Called Suddenly by Death

E. A. King, formerly of Jefferson, Iowa, passed away very suddenly at 1:30 o'clock this morning at the home of his son, Roy D. King, of 214 North Belmont street, after an illness of only a few hours. Mr. King is survived by his only son, Roy D. King, his daughter-in-law and two grandchildren. The remains are at the Jewel City Undertaking company awaiting funeral arrangements.

OAK STREET PEOPLE TO MEET

F. A. Clarke, chairman of the Oak Street Improvement association, has called a meeting, Monday, February 28, at 7:30 p. m., for 351 Oak street. Property owners will attend to discuss street improvements.

Lefty Herman to Twirl in Canada

"Lefty" Floyd Herman, who has played stellar baseball with the Glendale Union High School team for the last four years, is reported by Coach Normal C. Hayhurst as having secured a contract to pitch this summer for Edmundton, Alta., in the Canadian league.

Among other pitchers who have played professional ball after leaving Glendale High are Howard Ehmke, now with the Detroit Americans, and Hastings Bidwell, whom it is understood has forsaken the game on account of ill health.

Sunday Services at the Churches

FIRST LUTHERAN

Corner East Harvard and Maryland avenue. "The Refiner's Fire," will be the subject by Dr. H. C. Funk Sunday morning at 11 o'clock. The pastor will answer the question, "Why Are Both the Death and the Life of Christ Necessary to Justify the Sinner?" You are cordially invited to attend this series of Lenten lectures based on the tried and true Word of God. Bible school, 10 a. m. Mr. Owen J. Sherrick, superintendent; Miss Helen Esterly, director of music. Vesper service at 7:30 p. m. Luther league half-hour devotion with an evening address by the pastor. Subject, "The Way of Salvation."

CHRISTIAN SCIENCE

First Church of Christ, Scientist, corner Maryland and California avenues. Service Sunday at 11 a. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, Feb. 27, "Christ Jesus." Sunday school at 9:30 a. m. Wednesday evening testimony meeting at 8. Reading room, 135 South Brand boulevard, open daily except Sunday and holidays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday evening from 7 until 9.

CATHOLIC

East Elk, near Adams street. Mass at 8 o'clock. Sunday school at 9. Mass at 10:30. Sermon in English. Everybody welcome. James Stephen O'Neill, pastor.

NEW THOUGHT CENTER

Masonic Temple, Sunday, February 27. Lecture by Dr. Frank Riley at 11 a. m. Sunday school 9:45. All welcome.

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 E. Chestnut Street, corner of Louise. Full Gospel—Jesus Christ—Saviour, Sanctifier, Healer and Coming King.

LENT AT ST. MARK'S EPISCOPAL

There will be two services at St. Mark's on the Sundays in Lent, 11 a. m. and 7:30 p. m.

At the 11 o'clock service the Rev. Dr. Cornell will officiate, and at the evening service the Rev. C. E. Webb, rector of St. Andrew's, Los Angeles. A very cordial invitation is extended to all to attend these services and to help make them fruitful of good.

Dr. Cornell will deliver a series of sermons on Sunday mornings during Lent on the subject, "The Way of Calvary."

Sunday, Feb. 13, "Betrayal."
Sunday, Feb. 20, "Gethsemane."
Sunday, Feb. 27, "Denial."
Sunday, March 6, "Desertion."
Sunday, March 13, "Wounds."
Sunday, March 20, "A Sorrowful Triumph." (Palm Sunday).
Good Friday, March 25, "Crucifixion."

Due notice of the Easter services will be given later. The offerings on Easter Day will be devoted to the reduction of the church debt.

CENTRAL AVENUE METHODIST

Bible school, 9:45 a. m. James L. Brown, superintendent. Junior League, 11 a. m., Mrs. M. A. Hewitt, superintendent. Morning service, 11 a. m., Rev. Brink will preach on "The Alabarter Box." Special choir music. Epworth League, 6:30. Mr. Olmstead, a missionary from India, will lead. Specially interesting for young people. Evening service, topic, "Neglect," by the pastor. Special music.

FIRST METHODIST

Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., pastor. Sunday school (graded) 9:30. Prof. A. W. Tower, superintendent. The school is a growing one and efficiency is the word. Preaching at 11 a. m. and 7:30 p. m. Morning sermon subject, "Some Distinguishing Features of the Third Gospel," (second sermon.) Class meeting, 12:15; Junior league (ages up to twelve years) 3:00; Intermediate league (12 to 14 years) 6:15; Epworth league (ages up to 35 years), subject, "God's Providence in Agriculture." The leader will be from the Alhambra league. Brotherhood, 6:45. Dr. Warner will give a brief address. Organ recital beginning at 7:15 (15 minutes before the regular service.) Praise, prayer and preaching, 7:30. Sermon subject, "Untold Glories." The church is equipped with the acousticon. Music for the day: Morning, Melody in C (Hanforth.), Anthem, "Sanctus" (Gounod.) Gospel Anthem (by request) "Since Jesus Came Into My Heart" (C. H. Gabriel.) "Postlude" (Gillette.) Evening music: Organ numbers, "Dreams" (Lynn.) "Humoresque" (by request) (Dvorak.) "Festival March" (Lansing.) Anthem, "Oh, My Soul, Bless Thou Jehovah" (Donizetti.) Duet (Selected) Miss Isabelle Isgrig and M. S. Kuehny. Postlude, "Allegro" (Eddy.) It is a friendly church and "seems like home."

PRESBYTERIAN

Church of the "Lighted Cross," W. E. Edmonds, pastor. Louis Tinning, assistant pastor. Services Sabbath morning and evening. Preaching by the pastor. Morning worship 11 o'clock. Sermon topic, "Ripe for Exploits." Special reasons why every family in the congregation should be represented. Evening service 7:30. Organ recital, 7:15. Sermon topic, "Shall the United States Abolish Sunday? Red Laws or Blue Laws, Which?—Neither. Sunday is the Core of Our Civilization." Sabbath school at 9:30. H. L. Finlay, superintendent. The four C. E. meetings at the regular hours. The public is invited to any and all services.

Musical program, morning, Prelude, "Melody" (Paderewski) quartet, "Be Thou Exalted" (Adams). Offertory, "Andante, Con Moto" (Guilmant). Contralto solo, "The Ninety and Nine" (Campion) Mrs. Fannie Marple Retts. Postlude, "March Heroique" (Schubert.) Evening, "Andantino" (Lemare.) "Scherzo" (Schumann.) "Gavotte" (Flagler.) Quartet, "Rock of Ages Cleft for Me" (Kratz.) Tenor solo, "Entreat Me Not to Leave Thee" (Gounod) Orrin L. Padel. Offertory, "Ave Maria" (Schubert.) "I Love to Tell the Story" (Wildemere.) Postlude, "Victory March" (Flagler.)

CENTRAL CHRISTIAN

Corner Louise and Colorado streets. Clifford A. Cole, minister. Dr. Cecil F. Cheverton, Dean of the California School of Christianity, will preach the morning sermon at 10:30. He comes at the invitation of the minister and will present a great message. At night the sermon topic will be, "Simon, the Cross Bearer." Special music at both services. Do not miss this. Bible school at 9:30 and C. E. at 6:30. "The Homelike Church."

FIRST BAPTIST

Ernest E. Ford, pastor. Sunday school at 9:30. Roy L. Kent, superintendent. Classes for all ages. Public worship at 11 o'clock. Sermon theme, "Fundamental Unity." At 7 o'clock the Young People will lead a song service and have charge of an illustrated lecture on "The Ministry of Healing." The pastor will give the lecture. Every one is invited. Monthly business and covenant meeting on Wednesday night at 7:30. Reception of new members.

ST. MARK'S EPISCOPAL

The Sunday evening service at St. Mark's church will be conducted by the Rev. Webb of St. Andrew's church, Los Angeles. The subject of his sermon will be "Human Value." This service will be especially interesting to men and boys. Services begin at 7:30 p. m.

FIRST CONGREGATIONAL

Corner Central and Wilson avenues. Rev. C. M. Calderwood, pastor. Church school, 9:45 a. m., Mr. O. E. Von Oven, superintendent. Morning service at 11 o'clock. Music, Mrs. Leighton, solo. Anthem by choir. Subject of address "The Gospel According to You." Young People's meeting at 6:30 p. m. Evening service at 7:30 o'clock. Music, Mrs. Frank Blakey, solo, "Jesus Lover of My Soul" (McDowell) Mr. O. E. Von Oven, solo. Anthem by Young People's choir. Subject of address, "The Light That Failed."

SEARCH FOR BOY AND BONDS

CHICAGO, Feb. 26—Police of the nation today sought a 17-year-old boy, carrying $772,000 worth of liberty bonds in a satchel slightly larger than a girl's vanity case and driving a rickety Ford automobile.

Willie Dalton, the "mamma's pet," who walked out of the Northern Trust company here with the securities under his arm on Thursday, had increased his lead on his pursuers to two days at noon today.

TRUCK STRIKES AUTO

B. E. Ingram, 1120 Citrus avenue, Hollywood, driving a truck, spun around the corner of San Fernando and Los Feliz Roads at 5 o'clock yesterday afternoon and collided with a car driven by Frank J. Homer, 123 South El Centro street, Los Angeles, according to the report of Officer I. J. Herbert, policeman on duty there.

LOWERS RECORD

STUDEBAKER LIGHT SIX SETS A NEW MARK FOR RUN TO S. F. FROM L. A.

A Studebaker light six, with Hart L. Weaver at the wheel, set a new Los Angeles-San Francisco road record early yesterday morning, despite a heavy fog that hung over a good portion of the road.

The total elapsed time for the trip was 9 hours, 15 minutes and 50 seconds. Four minutes and ten seconds was clipped from the best previous mark, held by the Peerless.

Packer & White Auto company is the Glendale agency for the Studebaker car. The company has a carload of five machines, all light sixes, coming here next Tuesday. Naturally, the company is highly elated over the remarkable showing made by the Studebaker light six in the record run.

The car checked out from the Los Angeles Postoffice building at 10 o'clock sharp, with a bag of United States mail marked with that time, and carrying four passengers, including drivers, the light Studebaker began to eat up time and space. With a jump that almost lifted it off the ground the car shot into the darkness of New High street, bound for San Francisco and way points.

Fast Time to Bakersfield

Motorists who have driven between here and Bakersfield can realize that there was not much lingering when the machine rolled into that town exactly two hours and fifty-eight minutes out from Los Angeles. Passage from Bakersfield to Fresno hardly took the time it takes to tell about it. Soon after leaving Fresno, however, and running well ahead of schedule, the Studebaker hit a dense fog bank, and it looked like the show was over.

The fog was so heavy that it threw the glare of the powerful headlights directly into the driver's eyes, and progress was not possible. So the lights were turned out, and for more than 100 miles the car roared through the fog, trusting to luck, moonlight and the driver's skill and nerve.

Telegram Is Received

Following is the telegram received yesterday by Packer & White Auto company, the local Studebaker headquarters:

"Studebaker light six, which left Los Angeles at 10 o'clock last night, arrived in San Francisco at 7:15:50, breaking the valley route record by four minutes and ten seconds, previously held by the Peerless. The time as checked by government officials and newspaper men on the trip was 9h. 15m. 50s. for the 411.1 miles.

"The hazards and dangers of the fast race were increased a hundredfold between Tulare and Merced, a distance of more than 100 miles. On this stretch the plucky little car went through a dense tule fog without lights and without lessening speed. Phil Sheridan, a San Francisco newspaper man, who made the trip as observer, made the following comment on the run through the fog.

Luck and Good Driving

"'Only wonderful luck and the finest kind of driving could have brought the car through that fog. The atmosphere was so dense it was almost impossible for us sitting in the tonneau to see the pilots in the front seat. On account of the fog acting as a screen and reflecting the headlights, these were shut off and the car was plunged into the darkness ahead with the throttle wide open. The pilot of the machine could only see a few yards of the road ahead, but, driving with fine nerve and with the electric siren screaming like some strange animal, he went through without stop or mishap, and without losing more than fifteen minutes on the 100-mile stretch. Only two stops were made on the entire run—eight minutes at Fresno for gasoline, and a wait of ten minutes at the Creek Route ferry slip in Oakland for the automobile ferry.'

"The car was checked in by D. M. Ritchie, night foreman of the ferry postoffice, at 7:15:50.

"The automobile beat the time of the fast Southern Pacific mail train, which left Los Angeles at 8 o'clock last night, by four hours and thirty minutes."

SHOWS LOSS IN FARMS

The 1920 census reports credit Rhode Island with 4083 farms, a net loss of 1209 farms in ten years.

Spring Expansion Opening

HOLD TRACK MEET

ATHLETES OF LOCAL SCHOOL IN CLASS CLASH; SENIORS ANNEX FIRST PLACE

With fifty athletes representing their classes in different events, the annual inter-class track and field meet was held yesterday at the Glendale Union High School with a large crowd in attendance.

The seniors grabbed the bacon with 50 points, "Lefty" Floyd Herman winning five first place blue ribbons. Norman Beggs won the high jump, clearing the bar at 5 feet, 5 inches. Horatio Butts, sophomore, won the broad jump with a 16 foot, 7½ inch leap. Sherwood Ball did the 440 sprint in best time and Fred Stofft, junior, won the 880 and mile run.

Thrills were provided by the relay race with the sophomore team winning the banner, which was a decided surprise to the junior and senior classmen, who figured their men would nose out the younger contestants.

Summary of Events

Glendale tracksters will meet Hollywood high March 2 and Pasadena March 9, both away from home, according to Track Coach Alfred Cookman. Following is the summary of yesterday's events:

50 yard dash—"Lefty" Herman, Roberts (2), Haig (3), 6 2-5 seconds.

100 yard dash—"Lefty" Herman, Roberts (2), Haig (3), 11 2-5 seconds.

220 yard dash—"Lefty" Herman, Roberts (2), Ball (1), 24 flat.

440 yard dash—S. Ball, F. Hand (2), Bettis (3), 55 seconds.

880 yard run—F. Stofft, Bailey (2), Du Bois (3).

1 mile run—F. Stofft, Du Bois (2), M. Horii (3), 4 min. 30 sec.

120 yard hurdles—"Lefty" Herman, N. Beggs (2), Terzo (3).

220 yard hurdles—"Lefty" Herman, Meeker (2), Markey (3).

Broad jump—H. Butts, L. Herman (2), Beggs (3), 16 ft., 7½ ins.

High jump—N. Beggs, L. Herman (2), Rike (3), 5 ft., 5 ins.

Shotput—L. Herman, Wheatman (2), Barnes (3), 39 ft., 7 ins.

Relay—Sophomore team won, four men running; senior team second.

Final score—Seniors 50 points, sophomores 20 points, juniors 9 points, freshmen 3 points.

Starter and official referee, Professor Alfred Cookman. Timer, Professor Hayhurst. Three judges from University of California, southern branch.

COAL PRODUCTION DECLINES

Production of coal in the United States has been declining rapidly since the first of December. The moderate winter and the condition of industry are said to be responsible.

CHORAL SOCIETY

EXCELLENT PROGRAM TO BE PRESENTED SUNDAY NIGHT IN ADVENTIST CHURCH

Believing that a Choral Society should work as well as play, the Seventh-day Adventist Choral Society has set itself the task of purchasing a fine piano for the church, and is utilizing not only its own talents but that of its friends as well.

The choir is divided into four bands representing sopranos, altos, tenors and basses, each vieing with the other in soliciting funds for the instrument, which is a grand piano of great beauty and purity of tone.

Quite a sum has been gathered towards the fund already and other plans are on foot which will aid materially.

On invitation from their Long Beach friends, about thirty of the members of the Choral Society went to that city a few nights ago and joined forces in the rendering of a musical program which was given in the auditorium on the pier, there being about seventy-five voices in all. Among the Glendale folk was C. H. Jones, choir leader; Mrs. C. E. Swartsfager, organist; Mrs. C. A. Brandstater, president of the society; Mrs. Dunbar, secretary; E. A. MacDonald and Mrs. Nelson.

Here Is Program

The program, as given, was as follows:

"Song of Spring" (Pinsuiti), chorus by Long Beach and Glendale chorus.

Selection from "David the Shepherd Boy," by C. H. Jones and E. A. MacDonald of Glendale.

Solo, "America for Me," Mrs. Nelson of Glendale.

Ladies' Octette: (a) "Little Gray Home in the West." (b) "Mammy's Lullaby."

Cantata—"The Pilgrims of 1620."

The Glendale choir plans to reproduce the program—with some changes appropriate for church work—the coming Sunday night in the Adventist church, corner of California and Isabel streets, and have invited the Long Beach choir to come over and aid in the rendition. Being of a generous disposition the society has voted to open the doors to all who would like to come.

LOAN FOR 25 MILLIONS

The Chilean congress recently authorized a bill for loan on behalf of state railways and arrangements have been made to borrow $25,000,000.

MEXICO BUYS U. S. MEAT

Mexico, which for many years exported livestock to the United States, is now buying meat in American markets.

BUYERS OF ACCESSORIES ARE ENTITLED TO PROTECTION, SAYS DISTRIBUTOR

Purchasers of accessories or other commodities of automobiles have often asked the question: Why is it that so many articles are being sold and represented to be 100 per cent perfect?

One of the Philadelphia Storage Battery company's principal distributors says:

"Purchasers of expensive accessories should realize that if the article is perfect the manufacturer should have confidence enough in his produst to well afford a liberal guarantee on the perfected goods and stand back of them to protect a loss should an article turn defective. Philadelphia Diamond Grid battery manufacturers show much faith in their product by their long liberal two-year guarantee.

"An automobile owner stated to a Philadelphia battery man that when he purchased a twenty-two karat gold ring with a two-karat pure white diamond stone, and not knowing the difference between perfect and imperfect stones, he felt more satisfied when he knew he was dealing with a reputable house which guaranteed the article to be what it was represented to be.

Put to Severe Test

"Since the manufacturers have experimented and perfected various automobile starters, storage batteries, etc., they have succeeded in making them as near as possible 100 per cent perfect. They have also put such articles to severe tests; ascertaining for themselves the true life and after satisfying themselves have then relieved the customer of the risk, and in its stead the manufacturers now guarantee these articles. Hence it means longer life, cheaper service and absolute protection to the customer in cases should any article prove defective.

"Philadelphia agencies suggest that purchasers should endeavor to purchase articles that are backed by the factory who gives written guarantees, you are then protected against any unnecessary loss, just the same as it is best to take a receipt for money paid out to avoid complications or duplicate payments."

COLORS IN CLASH

BLONDES AND THOSE DRIVING LAVENDER CARS PROTEST OVER YELLOW PLATES

This is awful. Those unspeakably colored license plates which Charles Chenu, state superintendent of motor vehicles has distributed to those who have paid their auto tax, are setting the state in a terrible fuss.

There is talk of open defiance. The color scheme of the plates is not a scheme at all, they say. It's a plot against the color "equanimity" of their cars.

"Poppy color, California poppy color," is the answer of the motor vehicle department.

"Poppycock," is the defiant answer of the revolutionists. "When did brilliant orange as a background for glaring black numerals become typical of California?" they ask.

Colors in Clash

The color, it would seem, has seriously clashed with the delicate lavenders and strong cerise of elite automobiles and it looks like either the license plate must be painted, or else the car must be.

And, worst of all, it doesn't jibe with blonde hair and motorists are said to be wearing much blonde this year.

Women motorists sum up the situation with the complaint that:

"The color is awful. It doesn't match anything. It spoils the entire car and it's enough to drive anyone out of the state."

EXHAUST AND INLET VALVES

In most automobile engines the exhaust and inlet valves are both the same size, therefore from size alone you cannot tell one from the other. But you can tell them apart by observing when they open and close. The inlet begins to open immediately upon the full closing of the exhaust, but there is a period of time between the closing of the inlet and the opening of the exhaust.

"LIGHT ZONES" PLANNED

In Pennsylvania a bill is to be presented at the present session of the state legislature empowering councils of cities and boroughs to pass ordinances designating brightly lighted districts as "light zones," within which cars may be parked at night without the necessity of keeping their lights lighted. The bill will provide that the limits of these areas be distinctly marked by appropriate signs.

USE OF THIN OIL IS TOLD

A thin oil is not generally used in the transmission or differential because it would not have the cushioning effect of a heavy oil or grease, which is necessary to reduce wear and noise in the parts. Also light oil would soon have a tendency to run out at axle ends. Light oil is only used in tight fitting or rapidly moving parts and where there is no heavy pressure.

Two hundred and fifty policemen, assigned to operate side car motorcycles in New York City, are attending school to receive instructions in the handling of the machines.

OUT OF GASOLINE

HINTS ON WHAT TO DO WHEN SUPPLY TANK IS EMPTY; SPRING VALVE BREAK

Nearly every motorist at some time or other has the peculiar experience of running out of gasoline. Whenever the supply tank has been completely exhausted, it should be remembered that it is necessary to prime the vacuum tank before the carburetion system will function again. This is generally done by removing the plug on the top of the vacuum tank and filling the tank with gasoline.

The easiest method, however, is, after replenishing the supply of gasoline in the feed tank, to close the choke on the dash, retard the spark and advance the gasoline throttle lever. Then throw on the switch and run the motor on the starter for about a half a minute; throw off the switch and after waiting for about three minutes, start the motor in the usual way.

Turning the motor over with the choke closed for half a minute forms a vacuum in the system and starts the gasoline siphoning from the supply tank to the vacuum tank.

It is necessary to wait three minutes in order to allow sufficient time for the vacuum tank to fill itself. This procedure not only saves time, but also makes the filling more convenient.

If Spring Valve Should Break

If through some unusual circumstance a valve spring should break, "first aid" relief may be had by cutting a washer out of some stiff material with a hole in the center large enough for the valve stem to enter. Place this washer between the two parts of the broken valve spring. This will prevent the broken spring from twisting together and will enable driving the car until a new spring can be installed.

When Placing Tire Chains

It is always advisable to use tire chains whenever pavements and roads are in such conditions as to make skidding likely to happen in turning corners, stopping and starting. But, the driver should bear in mind that chains should be removed as soon as it is safe to drive without them.

In putting chains on the rear tires, they should be fixed to the wheels with the hooks to the rear so that the forward motion of the wheels will have a tendency to pull the chains tighter in the locks. If at any time it is necessary to reverse the wheels in order to get out of a bad hole, the chains should be inspected to make certain that they have not become unhooked by the backward motion of the wheels.

Small wire wrapped around the hook locks will often prevent chains from loosening and becoming lost.

DELIVERY DELAY

SOME MOTORISTS WILL NOT BE ABLE TO GET THEIR PLATES IMMEDIATELY

A delay in the delivery of state license plates to anxious motorists is announced by officials of the Automobile Club of Southern California for unavoidable reasons.

All motorists holding application receipts dated by the Auto club subsequent to January 14 will not receive their plates until March 7 and need not apply for them either at the club headquarters or any of the county offices until that time.

The fire in the manufacturing plant turning out the plates and the abnormal last minute rush for the license tags makes it impossible for the state department to furnish them sooner.

March 1 has been set as a deadline by the authorities unless some last minute leniency is shown on account of unavoidable delays at the factory.

The state of San Paulo possesses the largest number of automobiles in Brazil, with the federal district of Rio de Janeiro in the second place and Rio Grande do Sul third.

CO-OPERATION IS SOUGHT

The bureau of crop estimates is endeavoring to weld all public agencies concerned in the marketing and production of agricultural products into a co-operating group, for the purpose of using the information collected to better advantage.

PLAN TO DEVELOP TRADE

A publishing house proposed to print the United States Pharmacopoeia in Chinese. It is felt that this would be of great advantage in developing the American drug and chemical trade in China.

BELGIAN AUTO SHOW SUCCESS

The fourteenth Belgian automobile show, held recently in Brussels, was a success in the amount of attention which it secured from the public and in enthusiasm aroused for new models. The buying, however, was not as brisk as had been expected.

ONLY SIX STATES OUT

Montana has joined the American Farm Bureau federation. Only six states now remain unrepresented in this young giant among the farm organizations. Three of these are expected to vote affiliation in February.

WAGES HIGHEST IN HISTORY

Farm wages in the United States during 1920 were the highest in history. The average wage, as ascertained by the bureau of crop estimates, was $46.89 with board and $64.95 without board. For day labor at harvest the wage averaged $3.60 a day with board and $4.36 without board. In 1895 the average farm wage in the United States was $17.69 a month.

Chief highway engineers of California and New Jersey are paid at the rate of $10,000 a year.

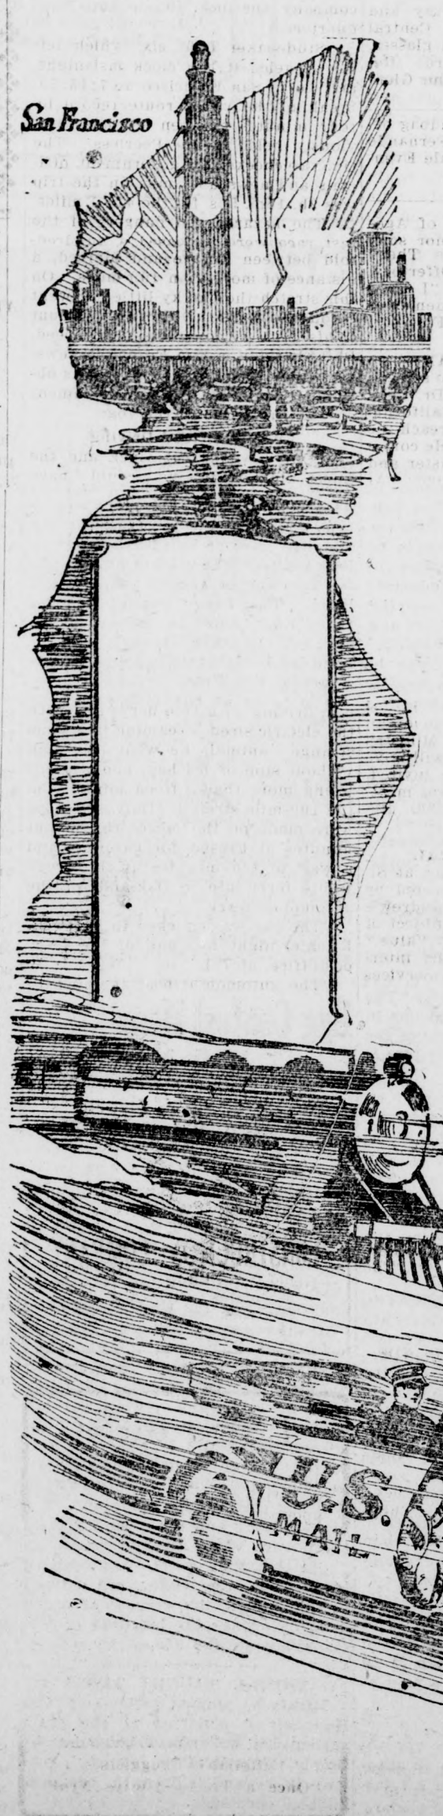
SUGGESTIONS TO SHIPPERS

The American trade commissioner in Tokio has forwarded to the bureau of foreign and domestic commerce a list of suggestions for American manufacturers who ship goods to Japan. These suggestions are approved by Japanese importers and are recommended for the guidance of exporters.

COAL DEALERS ATTACK BILL

Coal dealers are vigorously attacking the Calder bill for the regulation of the coal industry. They insist it will cut their profits down to one or two per cent.

Studebaker Light Six



Smashes All Records in Los Angeles-San Francisco Run

On the heels of its great triumph in breaking two Los Angeles-San Francisco records that have stood for years by making the run between the two cities in 10 hours and 12 minutes, the Studebaker Light Six has smashed its own record.

CHECKED OUT FROM THE LOS ANGELES POSTOFFICE BUILDING AT 10 O'CLOCK P. M., WITH A BAG OF MAIL AND FOUR PASSENGERS.

CHECKED IN AT THE FERRY POSTOFFICE AT SAN FRANCISCO AT 7:15:50 A. M.

Time as checked by government officials and newspaper men on the trip was

9 Hours, 15 Minutes, 50 Seconds

Beating the S. P. mail train which left Los Angeles at 8 o'clock the same night by 4 hours and 40 minutes.

The Studebaker Light Six now holds every speed record between Los Angeles and San Francisco—Coast Route and Valley Route and round trip.

FORD IN POEMS

JESSE SMITH, LOCAL AGENT, PROVES THAT SPRING IS NOW 'IN OUR MIDST'

Spring is here. There's no doubt about it, for The Evening News is daily in receipt of poetry—a sure sign of spring.

Jesse Smith, local agent for the Ford automobile, slips the following lines along to an anxious public:

INDISPENSABLE!

(1)

In Timbuktu
You'll find a few
And on India's coral strand.
There are one or two
(Between me and you),
In Africa's sunny land.

(2)

There are some more in Laborator
And thousands in Kentucky.
In Equador
They have a store—
The same in
Auchindachy.

(3)

In Tunbridge Wells
The total swells.
They've a dozen or so in Hull.
They're on Scotia's fells,
And the car still sells,
To the folk in the Isle of Mull.

(4)

In gay Paree
There'll be two or three.
In France there'll be quite a lot.
Fords on the Spree
(In Germany),
Sounds wrong, but we're told it's not.

(5)

Old Mars will croon,
"The Ford's a boon."
"Has the 'Plough' got a Tractor,"
Old Sol will say.
And very soon
The Man in the Moon
Will be learning to drive on the Milky Way.

TRADE IN TIRES

FIGURES ARE QUOTED SHOWING GREAT DEMAND THAT WILL BE MADE IN 1921

Between 28,000,000 and 30,000,000 tires will be needed during 1921 to meet the needs of the 9,000,000 motorists in the United States, exclusive of foreign demands. It will require an average production of about 100,000 tires a day to properly equip machines now in use and the estimated total of 1,000,000, a conservative figure, automobiles that will be built during the year.

Inasmuch as production has been only 20 to 25 per cent of normal during the last several months, which has reduced the surplus in dealers' hands to approximately 6,000,000 casings, or 2,000,000 more than the normal supply, there rises the possibility of a shortage of standard makes during the summer months.

No Reductions in Sight

Considering the large commitments of the larger tire companies in future contracts of high-priced fabrics and in large inventories of rubber at much higher prices, there is no hope whatever, in the opinion of trade authorities, for a reduction from present prices for many months. Many plants have been operating at a loss for months, just to keep their organizations intact, and there can be no cut in prices until a generally more healthy financial status is reached.

Careful canvas of the trade situation throughout the United States has disclosed that dealers' shelves and motorists' spare tire racks are pretty bare and that they are in need of new tires, which presages gradually increasing activity in the tire industry.

WOODEN DISK WHEEL MADE

A new automobile disk wheel, consisting of thin slices of wood glued together under heavy pressure, has made its appearance recently. The grain of each layer of wood runs in a different direction from that of the next; it is resistant, it is said not to crack or warp.

WOMEN MECHANICS TRAINED

Motor mechanics is now taught to young women students of Wellesley College, in Massachusetts. The course is conducted by Professor Lucy Wilson of the physics department, and thirty pupils form the class.

PHONE BOOTHS ON HIGHWAYS

Telephones for use of motorists are being installed at intervals of two and a half miles on main highways surrounding Dallas, Tex., by the Circle Men's association. If the plan proves a success it is likely that phones will be installed on roads leading out of Dallas within a radius of 100 miles.

License plates on motor vehicles in Pennsylvania must not be less than fifteen inches above the ground and at all times parallel to the axles.

In the comparatively small city of Havana, Cuba, there are more than 8000 taxis. The rate of fare is 20 cents a mile, for one or two passengers.

A fuel economy test run was recently held in France, when an automobile covered 136 miles on 4.8 gallons of gasoline.

Ford

THE UNIVERSAL CAR

FORDSON

"The Fordson at Work"

A mighty valuable booklet just issued by the Ford Motor Company. It is yours for the asking. Drop in and get one or drop a card or letter and we will mail you a copy free.

This book is not what the Ford Motor Company has to say about the Fordson Tractor, but what tens of thousands of users have to say. Get the book! It is yours for the asking. Keep in mind the fact that behind every Fordson Tractor are all the resources of the great Ford Motor Company, likewise that reliable "Ford After-Service" which assures the keeping of the Tractor in working order every day in the year. Remember, also, that the Fordson Tractor, like the Ford car, is simplicity itself in design and construction; easy to understand and easy to operate. Come in and let us tell you more about it. It is more important to the farmer today than anything else.

The Age of Machine Power on the Farm is no longer a matter of speculation; it is here—an established fact. It is the latest advanced step civilization has taken. It comes to the farmer with the full promise to lift the great burden of drudgery and wearisome, wearing-out toil from the muscles of man and carrying them with much more profit by power of machinery, with the result that larger production, more comfort and greater wealth will come to the farm homes wherever the Fordson is employed. COME IN AND TALK IT OVER.

Insist on genuine FORD PARTS

TAX REDUCTIONS

BUILDERS OF AUTOMOBILES OF OPINION THAT SYSTEM IS CRUSHER TO BUSINESS

Among the automobile manufacturers of Detroit, there is a general feeling that taxes will have to be reduced quickly, that the excess profits tax will have to be cut, surtaxes also, and that the payment for the war will have to be extended over a long period. The present plan of pay for the war in twenty years is not liked. This heavy tax at present takes away what is known as the cushion. In other words, it removes from the business that capital so necessary at this time.

The taxes of one maker for the present year will be, it is understood, $56,000,000, and another manufacturing concern, both heads of which died within the last year, will have to raise for inheritance and business taxes, it is reported, a total of $60,000,000.

One prominent maker whose output will run about 120 cars daily faces a tax, according to his own statement of $1000 per working hour throughout the year. His tax is small as compared with some others.

Egg Contest Hens Will Not Strike

LINCOLN, Neb.—The hens in the nation-wide egg-laying contest, conducted by the Nebraska College of Agriculture are refusing to join in the customary winter strike. Twenty-three of them laid twenty-three or more eggs during December; one laid twenty-seven eggs, and four laid twenty-six each. During November and December, the first two months of the present contest, one hen laid a total of fifty eggs, and ten laid thirty-nine or more eggs each.

Among the twenty-three high layers during December, were the following breeds: Seven White Leghorns, four White Wyandottes, four White Orpingtons, two White Rocks, two Barred Rocks, one Rhode Island Red and three Buff Orpingtons. The highest layer and the second highest layer were White Orpingtons.

Six hundred hens, representing breeders in nine states, are entered in the contest, the purpose of which is to encourage the breeding of better-laying strains of poultry.

WOMEN TAUGHT TESTS

Michigan women attending the Housewives' congress at the state agricultural college are being taught simple methods of testing wool, cotton, linen and silk with common kitchen chemicals.

Sixty per cent of the 1920 motor vehicle output went to the rural districts of the United States.

More than a million passenger automobiles are needed annually in the United States for replacements.

Motor vehicles in the United States increased 1,691,236, or 22.2 per cent during the past year.

Tire Treads

Improved 25%

The latest Miller triumph is a super-grade tread. It excels the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

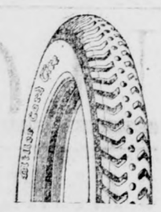
The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.



Tread Patented

Center tread smooth, with suction cups to firmly grasp wet asphalt. *Geared-to-the-Road* side treads mesh like cogs in dirt.

Glendale Lodge No. 388 meets every Thursday night at 8 o'clock at 111-A East Broadway. A hearty welcome for visiting brothers and newcomers.

BUSINESS BASIS

W. A. TANNER DECLARES THAT PURCHASER SHOULD ASK CERTAIN QUESTIONS

"As the motor car of today is a piece of business equipment, no matter whether it is owned by an individual or an organization, it should be bought on a business basis," declared W. A. Tanner of Tanner & Hall, Ltd., Buick agents, 237 South Brand boulevard.

"What questions should the purchaser answer for himself?

"Is the car up-to-date in its serviceability, conveniences and appearance?

"Is it efficient?

"Is it reliable and durable?

"Is it built by a permanent manufacturing organization?

"Is there a satisfactory service organization of national character behind it?

"In other words, will the purchase of the car represent in the strictest sense an investment in uninterrupted transportation?

"Those are the questions the motorist should consider if he would buy his car on a business basis, if he whould apply to its purchase the sound principles of the successful manufacturer or successful merchant.

Offers Real Investment

"Buick for 1921 is again distinctly the car of the year. In its serviceability, conveniences and beautiful appearance, the new Buick is a nineteen twenty one car. Its graceful new lines, at first the most impressive of the improvements, but indicate the inward character and high qualities of the Buick mechanism.

"In every respect the new Buick is an up-to-date equipment that offers an unmatched investment in personal transportation.

"It is a car that has been designed and built to meet the owner's requirements for greater utility, increased comforts and conveniences, and solid values. It is, in other words, the motorists' car—built as he would have it built."

Move Made To Aid Ports On This Coast

WASHINGTON—Request for action to require railroads to establish export and import freight rates through Pacific coast ports from points east of Chicago probably will be made to the Interstate Commerce commission by the shipping board.

Investigation, it was learned today, has resulted in the conclusion that steps should be taken immediately to make the desired rates effective.

Development of the American merchant marine on the west coast, board officials are understood to believe, depends upon the application of such rates to Pacific ports to meet the competition of Canadian ports whose railroads grant export and import rates on commodities originating in the United States.

Considerable opposition to the proposed rates to Pacific coast ports has developed among the eastern railroads, it was said.

Ohio Town To Move Houses And Stores

OSBORN, Ohio—On July 1, if present plans are followed out, this town of 250 buildings and dwellings will gather up its belongings, pack up its buildings and start moving a mile and a half distant. Motion picture cameras will grind away, preserving the unique record of a whole town sliding away on railroad tracks.

Osborn has to move because of the danger from flood in the Miami valley. It had its troubles finding a new home, as most house hunters do these days. The town of Fairfield wanted the site Osborn had picked out, and sought an injunction preventing the latter town from moving in. Judge Hartley at Xenia, however, dissolved the injunction and as far as anyone knows now, there is nothng more to prevent Osborn from changing its location.

Osborn's people are enthusiastic about their town, and feel a new lease on life for it, when it gets moved. Business men and officials are busily planning ways and means to bring new industries and start the building of a larger and more modern town.

An expert is being sought to supervise the platting of the new site, which is to start March 1. Three concerns are seeking the job of removing Osborn. A contract is to be awarded soon. Plans now provide for the laying of railroad tracks between Osborn's old and new home, and transporting the buildings and dwellings on specially built cars.

NOTICE THAT COPIES OF PROPOSED CHARTER FOR THE CITY OF GLENDALE MAY BE HAD.

Pursuant to the order of the Board of Trustees of the City of Glendale, public notice is hereby given that copies of the proposed charter for the City of Glendale prepared by the Board of Freeholders and filed with the City Clerk on the 12th day of January, 1921, have been printed in convenient pamphlet form, and that such copies may be had upon application therefor at the office of the City Clerk in the City Hall of the City of Glendale.

J. C. SHERER,
City Clerk of the
City of Glendale.

NOBODY'S GIRL

UNUSUAL STORY IS TOLD ON GLENDALE THEATRE SCREEN; CONCERT ON SUNDAY

A photoplay with a very unusual plot is the feature attraction at the Glendale theatre today only, when "Nobody's Girl," starring Billy Rhodes, will be shown.

The idea of a little girl drifting ashore on an island inhabited only by a band of desperate smugglers and being reared by them provides a very unusual story and offers the charming star a part that enables her to display her ability as an actress of the highest class. How she finally solves the difficult problems of life, how she makes her escape, and meets the man who saves her, make one of the most interesting stories ever unfolded on the screen.

Ford Sterling, in his latest screen comedy, "A Ballroom Romeo," "Andy Gump Fights the H. C. L." cartoon reel and International News add to the feature an assuredly pleasing week-end offering.

"Kiss Me Again," one of the most popular numbers from "Mlle. Modiste," is Madame Clement's special offering at the organ.

Programs for Tomorrow

Matheson Lang in "Mr. Wu," Walker Whiteside's former starring vehicle, is at the Glendale Sunday and Monday. Pathe News, Hall Room Boys "Back on the Farm," and Topics of the Day. A special musical program at 1:30 p. m. Sunday by Madame Clement at the organ and Sig. Elia A. Faggioli, soloist, as follows:

Overture from "Martha" (F. Von Flotow); hymn, "Blest Be the Tie That Binds" (H. Nageli); Matin song (J. K. Paine); "Her Rose" (Whitney Coombs), sung by Sig. Elia A. Faggioli; selection, "The Rainbow Girl" (Renold Wolf and Louis Hirsch); "The Holy City" (Stephen Adams); "My Heart Is Thine"; "Old Kentucky Home."

Money To Be Given For Aviation Work

WASHINGTON — Increased importance of aviation in America's naval policy, was recognized by the senate naval committee when it inserted an amendment in the naval appropriations bill to establish a bureau of aeronautics under the navy department.

The naval appropriations bill approved today by the senate naval committee, carried an increase of $100,518,686 over the bill passed in the house. The senate bill totals $496,023,130.

The senate bill increased the appropriation for aviation from $6,913,431 to $18,729,000, an increase of $11,815,569 and provided for construction of two airplane carriers, appropriating $15,000,000 for that purpose.

An increase in navy personnel from 100,000 as provided in the house bill to 120,000 was recommended. Pay of the navy was fixed at $154,389,285, an increase of $21,187,022.

The senate committee provided $1,500,000 for the naval base at Alameda; $1,000,000 for the air station at Sand Point, Wash., and $1,000,000 for the submarine base at San Pedro.

RESOLUTION NO. 1163

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD ON THE 10TH DAY OF MARCH, 1921, IN THAT CERTAIN TERRITORY CONTAINED WITHIN THE BOUNDARIES OF PROPOSED MUNICIPAL IMPROVEMENT DISTRICT NO. 3 OF SAID CITY, PROVIDING FOR SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF INCURRING A DEBT BY ISSUANCE OF BONDS OF SUCH DISTRICT FOR THE PURPOSE OF THE ACQUISITION AND CONSTRUCTION OF WORKS FOR THE COLLECTION AND DISPOSAL OF SEWAGE FROM SAID DISTRICT INCLUDING THE ACQUISITION OF LANDS, EASEMENTS, AND RIGHTS OF WAY, AND THE CONSTRUCTION OF PIPE LINES, MANHOLES, FLUSHTANKS, SEPTIC TANKS, CESSPOOLS AND OTHER WORKS AND APPURTENANCES NECESSARY FOR SUCH PURPOSE; PROVIDING FOR THE ISSUANCE AND SALE OF SUCH BONDS FOR SUCH PURPOSES AND FOR THE LEVYING OF A TAX FOR PAYMENT OF SUCH BONDS; AND ESTABLISHING ELECTION PRECINCTS AND POLLING PLACES IN SAID TERRITORY AND APPOINTING THE OFFICERS OF ELECTION FOR SAID SPECIAL ELECTION.

WHEREAS, On the 20th day of January, 1921, a petition was filed in the office of the City Clerk of the City of Glendale and ex-officio clerk of the legislative body of said city, to-wit: the Board of Trustees of said city, requesting that proceedings be taken under the provisions of an act of the Legislature of the State of California entitled, "An act to Provide for the Formation of Districts Within Municipalities for the Acquisition or Construction of Public Improvements, Works and Public Utilities; for the Issuance, Sale and Payment of Bonds of Such Districts to Meet the Cost of Such Improvements, and for the Acquisition or Construction of Such Improvements," approved April 20th, 1915, for the purpose of the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose; and said petition was signed by not less than ten (10%) per cent of the qualified electors of the territory so proposed to be formed into said Municipal Improvement District No. 3, and

WHEREAS, In pursuance of said petition and of the act of April 20th, 1915, the Board of Trustees of the City of Glendale on the 3rd day of February, 1921, passed an ordinance designated as "Ordinance No. 421 of said city containing the matters prescribed by said act and declaring the intention of the Board of Trustees to call an election in that part of the City of Glendale contained within the boundaries of said proposed municipal improvement district to be known as 'Municipal Improvement District No. 3 of the City of Glendale,' for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner provided for in said act, to meet the cost of said proposed improvement" and said ordinance was approved and adopted by the Board of Trustees of said City on the 3rd day of February, 1921, and was thereafter duly published as provided by law; and

WHEREAS, Protests were filed with the said City Clerk on or before the 17th day of February, 1921, which last named day was the time set in and by said Ordinance No. 421 for the hearing of protests; and

WHEREAS, said protests were overruled after hearing, by said Board on the 17th day of February, 1921, and thereupon the Board of Trustees of said City of Glendale acquired, and now has jurisdiction to proceed further in accordance with the provision of said act:

Now, Therefore, the Board of Trustees of the City of Glendale, do resolve as follows, to-wit:

SECTION 1. That a special election be, and the same is hereby called to be held on the 10th day of March, 1921, within proposed Municipal Improvement District No. 3 of the City of Glendale, the exterior boundaries of which district are contained in said ordinance of intention and hereafter described, for the purpose of submitting to the qualified electors in said district the proposition of incurring a debt for the issuance of bonds of such district for the purposes set forth in said ordinance of intention and hereinafter stated: The exterior boundaries of said district being particularly described as follows, to-wit:

Beginning at a point in the northerly line of Lot 14, Hodgkins Subdivision, as per map recorded in Book 5, Page 576, Miscellaneous Records of Los Angeles County, California, two hundred (200) feet easterly from the northwest corner thereof; thence northeasterly in a direct line to a point in the southwesterly line of Lot 4, Tract No. 1191, as per map recorded in Book 17, Page 164 of Maps, Records of Los Angeles County, one thousand two hundred forty (1240) feet southeasterly from the most westerly corner of said Lot 4; thence, northeasterly in a direct line to a point in the northeasterly line of said Lot 4, one thousand two hundred forty (1240) feet southeasterly from the northwest corner thereof; thence northerly in a direct line to a point in the northerly line of Lot 2 of said Tract No. 1191, one thousand two hundred twenty (1220) feet easterly measured thereon from the northeast corner of said Lot 3; thence northerly in a direct line to a point in the northerly line of Lot 2 of said Tract No. 1191, one thousand two hundred forty (1240) feet easterly from the northwest corner thereof; thence northerly in a direct line to a point in the northerly line of Lot 1 of said Tract No. 1191, one thousand two hundred ten (1210) feet easterly from the northwest corner thereof; thence northerly in a direct line across Tract No. 675, as per map recorded in Book 16, Page 200 of Maps, Records of Los Angeles County to a point in the north line of said Tract No. 675, one thousand two hundred ten (1210) feet easterly from the northwest corner thereof; thence northerly in a direct line to the most easterly corner of Lot 1, Tract No 656 as per map recorded in Book 15, Page 117 of Maps, Records of Los Angeles County; thence northerly in a direct line to a point in the southerly line of Lot 7, Verdugo Estate, as per map recorded in Book 12, Pages 34 and 35 of Maps, Records of Los Angeles County, one hundred and thirty (130) feet easterly from the most southerly corner of said Lot 7; thence northerly in a direct line to a point in the southerly line of Lot 2 of Tract No. 1278 as per map recorded in Book 18, Page 25 of Maps, Records of Los Angeles County, one thousand two hundred and ten (1210) feet easterly from the northwest corner thereof; thence northerly in a direct line to a point in the southerly line of Lot 1 of said Tract No. 1278, one thousand three hundred twenty (1320) feet measured thereon, from the easterly line of Verdugo Canon Road; thence northerly in a direct line to a point in the northerly line of said Lot 1, Tract No. 1278, one thousand two hundred sixty (1260) feet measured thereon from the easterly line of Verdugo Canon Road; thence northerly in a direct line to a point in the northerly line of said Lot 1, Tract 1278, one thousand two hundred sixty (1260) feet measured thereon from the easterly line of Verdugo Canon Road; thence northerly in a direct line to the most northerly corner of Lot 4 of the aforesaid Verdugo Estate; thence northerly in a direct line to a point in the southerly line of Lot 2 of said Verdugo Estate one thousand five hundred ninety-three and fifty-two hundredths (1593.52) feet easterly measured thereon from the easterly line of Verdugo Canon Road; thence easterly along the southerly lines of said Lot 2, nine hundred eighty-eight and two hundredths (988.02) feet to a point; thence northeasterly in a direct line to a point in the southerly line of Tract No. 919 as per map recorded in Book 18, Page 78, of Maps, Records of Los Angeles County, two thousand seven hundred twenty-five and seventy-two hundredths (2725.72) feet westerly from the most easterly corner thereof; thence northerly along the westerly line of Lot 4 of said Tract No. 919, seven hundred sixty-five and seventy-seven hundredths (765.77) feet to the northerly line of said Tract No. 919; thence westerly along the northerly line of Lot 3 of said Tract No. 919 to the northwest corner of said Lot 3; thence northerly in a direct line to a point in the southerly line of the George Le Mesnager one hundred sixty-four and sixty-five hundredths (164.65) acre tract as per map recorded in Book 36, Page 27, Miscellaneous Records of Los Angeles County, one thousand one hundred eighty (1180) feet west of the southeast corner of said George Le Mesnager Tract; thence northerly in a direct line to a point in the northerly line of Charles Castera one hundred sixty-four and sixty-five hundredths (164.65) acre Tract as per map recorded in Book 36, Page 27, Miscellaneous Records of Los Angeles County, one thousand one hundred (1100) feet westerly from the northeast corner of said Charles Castera Tract; thence westerly along the northerly line of said Charles Castera Tract and the northerly city boundary line to the northwest corner of said Charles Castera one hundred sixty-four and sixty-five hundredths (164.65) acre Tract; thence due south to the most northerly corner of R. Laronde twenty-three and fifty hundredths (23.50) acre Tract as per map recorded in Book 36, Page 71, Miscellaneous Records of Los Angeles County; thence southeasterly along the northeasterly line of said R. Laronde twenty-three and fifty hundredths (23.50) acre Tract to a point six hundred (600) feet northwesterly from the most easterly corner thereof; thence southwesterly in a direct line to a point in the northerly prolongation of the easterly line of the Catalina Verdugo thirty-six and ten hundredths (36.10) acre allotment as per map recorded in Case No. 1621 of the District Court of Los Angeles County, California, one thousand one hundred fifty (1150) feet northerly from its intersection with the southeasterly line of Glendale Avenue; thence easterly in a direct line to a point in the west line of Verdugo Road one thousand three hundred eighty (1380) feet northerly measured along said westerly line from the northwest corner of Verdugo Road and Monterey Road; thence northerly along the westerly line of Verdugo Road and the easterly boundary line of the City of Glendale to a point in the northerly line of Lot 86 Watts Subdivision as per map recorded in Book 5, Page 328-329 Miscellaneous Records of Los Angeles County; thence easterly along the northerly line of said Lot 86 and the northerly line of Lot 14 of aforesaid Hodgkins Subdivision to the point of beginning.

SECTION 2. The objects and purposes for which said proposed indebtedness is to be incurred are the acquisition and construction of works for the collection and disposal of sewage from said district including the acquisition of lands, easements, and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose.

SECTION 3. That the estimated cost of said proposed improvement is $50,000.00, that the amount of the principal of indebtedness proposed to be incurred is the sum of $50,000.00 and the rate of interest to be paid on said indebtedness shall be six (6%) per centum per annum, payable semi-annually.

SECTION 4. The polls of said election shall be opened at 6 o'clock a. m., of the day of the election and shall be kept open until 7 o'clock p. m., when the polls shall be closed, except as provided by Section 1164 of the Political Code of the State of California.

SECTION 5. That there shall be printed on the ballots to be used at said special election, in addition to the other matters required by law, the following proposition to be voted on, to-wit:

"Shall that certain proposed Municipal Improvement District known as Municipal Improvement District No. 3 of the City of Glendale, incur a bonded debt of $50,000.00 for the purpose of acquiring and constructing works for the collection and disposal of sewage from said district including the acquisition of lands, easements and rights of way, and the construction of pipe lines, manholes, flushtanks, septic tanks, cesspools and other works and appurtenances necessary for such purpose?"

That opposite the above proposition to be voted on, and to the right thereof, the words "Yes" and "No" shall be printed on separate lines with voting squares thereafter.

SECTION 6. For the purpose of holding and conducting said special election, said district as above described shall constitute one election precinct denominated as Special Election Precinct No. 1 and the following polling place in said precinct is hereby designated and the following named election officers therefor are hereby designated, to-wit:

Special Election Precinct No. 1:

All of said Municipal Improvement District No. 3.

Polling Place: Real estate office situated on Bonita Drive between Camulos Avenue and Opechee Way.

Inspector: C. L. Chandler.

Judge: H. B. Crocker.

Clerk: Mrs. Grace M. Cleveland.

SECTION 7. That in all particulars not recited in this resolution, such election shall be held and conducted as provided by law for holding general municipal elections in said City of Glendale.

SECTION 8. The City Clerk shall certify to the passage of this resolution by the Board of Trustees of the City of Glendale and cause the same to be published five times in the "Glendale Evening News," a daily newspaper printed, published and circulated in the City of Glendale.

DWIGHT W. STEPHENSON,
President of the Board of Trustees of the City of Glendale.

Attest: J. C. SHERER, City Clerk of the City of Glendale.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing resolution was adopted by the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 17th day of February, 1921.

J. C. SHERER,
City Clerk of the City of Glendale.

A "silent policeman" has been placed near the southwest gate of the White House in Washington. It is equipped with an acetylene lamp, flashing eighty times a minute.

The United States postal service absorbed 5500 motor trucks and 1071 motorcycles from the war department.

BACK FROM FRONT

MANY COMEDY SITUATIONS IN PICTURE FEATURED TONIGHT AT PALACE GRAND

Innumerable well-conceived comedy situations, as unusual as they are laughable, are presented in Douglas MacLean's latest Paramount picture, which is at Jensen's Palace Grand theatre today and tonight.

The youthful soldier, no longer a rookie, but a seasoned veteran of months at the front, returns to wrestle with the problems of adjusting himself to the humdrum existence of civilian life. However, he finds that post-war conditions are not as devoid of action and excitement as he had thought, and his fighting blood, roused by a household of rebellious servants, a rival for the hand of the young lady of his choice, an adopted father, and other things supply him with as much excitement as did ever the treacherous Boche.

"Back from the Front" is an added comedy which sounds equally as interesting as the feature. Other numbers will include the overture "Oh Look" and "When the Sun Goes Down in Cairo Town" by the orchestra.

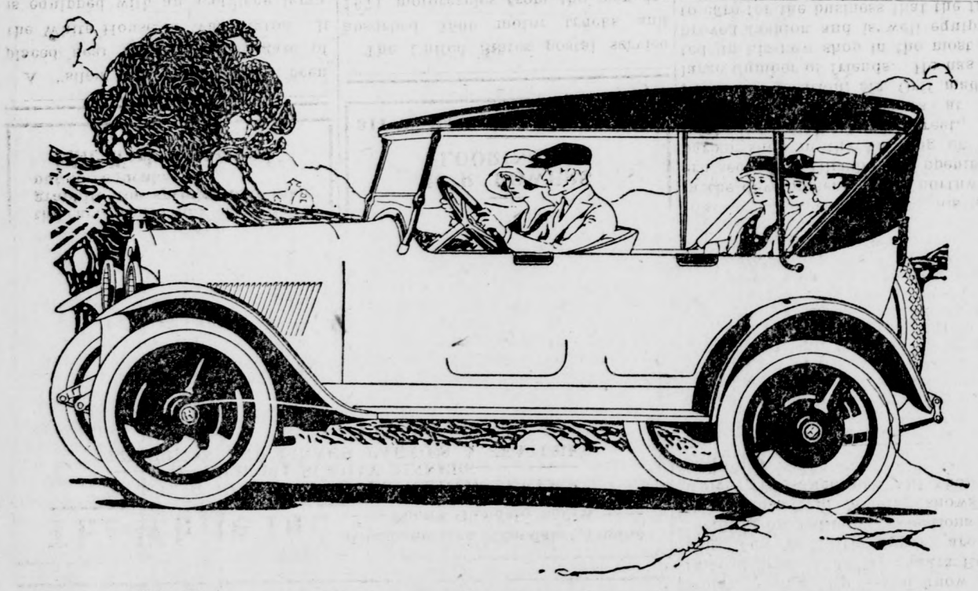
Program for Sunday

And tomorrow George Melford, Glendale's own, though he moved to Hollywood, is back in town to that extent that his creative ability directed "The Jucklins" from Opie Read's famous novel. If you are desirous of thrills, Monte Blue will provide them in this picture. The overture from "Going Up"—you know how tuneful it is—and "My Sahara Rose" and "Tell Me Little Gypsy" are Director Nils Gilliam's selections for the Sunday and Monday shows, at which "The Jucklins" will be the feature.

C. J. Orff Has New Shop in Northwest

C. J. Orff, who for the past nine years has been in business on Broadway near Brand boulevard, having conducted a first-class barber shop which he sold to Leslie Tronsier the first of January, is showing his faith in the development of the northwestern section of Glendale by opening a barber shop in the building on Columbus avenue at Doran street.

During his nine years at the Broadway location, Mr. Orff made a large number of friends. He has fitted up his new shop in the most approved fashion and is well equipped to care for the business that the fast-growing northwestern section of the city is developing.



Performance that actually outpoints costlier cars is, of course, one of the reasons why the Hupmobile is so highly spoken of in this city.

Its pronounced economy on tires, oil and gasoline, undoubtedly is another.

But we believe that the bedrock reason of all is the continuous, willing service the car yields to all owners.

It is actually the rare exception for a Hupmobile to come to us for extensive or costly repairs, unless it has been in an accident or had extremely long, hard use.

Minor adjustments may be necessary now and then. But most owners are wise enough to avoid even those, by giving their cars a few moments' care each day.

This high-average service naturally tends to increase Hupmobile economy beyond the long mileage it habitually gives on the three items noted above.

The People Must Pay This $15,000,000! Ask King Bill's Author to Prove It!

People of California—just plain, ordinary citizens and taxpayers—watch your step or the $15,000,000 increase in the state tax budget which the iniquitous King excess tax bill now in legislature feigns to raise from public utility concerns, will be assessed upon and paid by—YOU!

If you don't believe it, just ask Senator Lyman King, of Redlands, author of the King bill, if he didn't say so in an official report he signed as chairman of the senate special committee on revenue and taxation in 1919!

Here is exactly what Senator King, author of the King bill, wrote into his report:

"In the judgment of this committee it is most important that the burden of state taxation be felt to some extent DIRECTLY BY THE PEOPLE. It is apparent that the people do not feel directly the present tax (that is, the tax on corporations) ALTHOUGH THEY PAY IT, IN THE LAST ANALYSIS. Neither do their representatives in the Legislature feel and reflect as great a responsibility for economy as probably would result if some portion of the state tax were placed upon them directly. A general tax may not be altogether an evil."

Certainly the People Pay!

So says Governor Frank Lowden, of Illinois, who chopped out 125 useless departments from the Illinois state payrolls. Governor Lowden states:

"There is no ingenuity of statesmanship anywhere that can invent any kind of a tax which in the end will not be borne by the great body of the people. That is a fundamental truth about taxes we ought to learn!"

Governor Lowden was right.

So, People of California, long heavily overburdened with taxes of all kinds, if you would escape this added $15,000,000 tax that is designed to give Governor Stephens' extravagant state administration plenty of money to spend in the next two years, GET BUSY!

Demand of your legislators and your governor, by letter, phone or telegraph, that they kill this King bill!

Demand the same rigid economy that YOU practice in your home!

NEW HUP AGENCY

BARTON BROTHERS ARE NOW IN CHARGE OF POPULAR CAR, THIS SECTION

Great success is predicted for the new Hupmobile agency for Glendale, Burbank, Eagle Rock, La Canada, La Crescenta and Sunland, King M. and Don J. Barton now representing the Hup in this territory.

The Barton brothers have been in business in Glendale long enough to have formed a wide acquaintance. They have conducted a repair garage at 212 West Broadway for the past six years and have demonstrated that they know all about automobiles of any make.

Their wide acquaintance, their previous business methods and their mechanical experience will all be great aids to the Bartons when it comes to selling Hups.

Wesley Kuhnle Is in Master Class

Friends of Wesley Kuhnle, director of the Glendale branch of the Los Angeles Conservatory of Music, are congratulating him over his recent entrance in the master class in piano playing, as a player, the class being conducted by Richard Buhlig, pianist and master pianist of the Philharmonic orchestra of Los Angeles. The class consists of both players and listeners, the players being chosen from among the applicants.

Mr. Kuhnle, who is also an organist, appeared on the recital program of the American Guild of Organists, of which he is a "fellow," at the First Congregational church, Los Angeles, February 7, playing the Handel Fifth Concerto and Variations de Concert of Bonnet.

TO PURCHASE STEEL TRAINS

The Tienstin-Pukow railway is to purchase eleven block-steel car trains of five cars each, including sleepers and observation coaches. The company is also considering the possibility of purchasing car ferries for use between Pukow and Naking, on the Yangtze river.

Change Sought In Cold Storage Bill

WASHINGTON—California products now covered by the cold storage act do not have sufficient time under its provisions to reach the markets of the east and the bill in its present form is being opposed by Congressman Osborne and other members of the California delegation. The bill was sent back to the conference with instructions to secure a modification of some of the more important provisions and it is believed that necessary changes will be made.

Congressman Osborne declares that the bill as it now reads discriminates against California products. While the bill does not apply to fruits or vegetables it does affect many other California products like cheese and other dairy products, eggs, poultry and milk products. At the present time the average time of transit of these products from California points of origin to the great consuming markets of the east is seventeen days.

The cold storage bill provides that all articles of food enumerated in the bill kept at 45 degrees above zero Fahrenheit, or less must be branded cold storage and the dates given but provides that the first ten days is not to be counted if the goods are withdrawn before that time. The bill also provides that if goods are withdrawn before the end of thirty days the marks may be removed.

California congressmen want the law changed to read that the first thirty days is not to be counted, thus giving all the products of California covered by the bill plenty of time to get into the eastern markets to compete with the like products from other markets.

KEEN GERMAN COMPETITION

American manufactuers of agricultural machinery are reported to be meeting severe competition from German firms in Italy. The German manufacturers have, it is said, been able to reduce their price to a point considerably below that at which deliveries can be made from this country. The increase in Italian duties on farm tractors has made it possible for a farmer to buy two Italian machines for what he would pay for one American machine.

G. A. R. MEETS

SPLENDID ADDRESSES GIVEN AT GATHERING OF CIVIL WAR VETERANS FRIDAY

Two splendid addresses featured the meeting of the N. P. Banks Post, G. A. R., at its hall on Glendale avenue yesterday. About 175 veterans and members of the Woman's Relief Corps were in attendance at the all-day session, a business meeting being held in the morning, lunch served by the corps at noon and the program held in the afternoon.

Plans for a "Campfire," to be held on March 12, were perfected and it is the intention of the committee in charge to have a picnic dinner and typify army life as it was from 1861 to 1865. Morning and afternoon programs will be given.

Addresses Are Made

Comrade C. H. Clark spoke on "Washington, Lincoln and McKinley" yesterday and John H. English of Los Angeles talked on "Seven Occurrences That God Had Jurisdiction Over in the Allies' Victory."

Mr. English used the experiences related by Rev. E. E. Helms of Los Angeles as illustrations of the seven points. Rev. Helms visited the battle front recently and went into the history of the various battles and has written and preached extensively on acts of God in the World War.

Musical numbers and short talks by members of the two organizations —the post and corps—rounded out the pleasant day's program.

Mr. Property Owner
AS A PROTECTION AND INVESTMENT

Have your old, sundried, inflammable felt roof water-proofed with asphalt and surfaced with a fire proofing of red crushed brick or green granite, adding years of service to your roof, improving the appearance of your house and increasing the selling value of your property. Advice based on twenty years' roofing experience cheerfully given. Built-up work and repairing a specialty. For prices and particulars inquire of
